

## Health and Safety Policy

Review Display Systems Limited operates an Occupational Health and Safety Management System which complies with BS OHSAS 18001:2007. All aspects of this documented system are subject to continuous monitoring, measurement and where necessary improvement to ensure continued compliance.

Our statement of general policy is:

- Ensure compliance with all relevant safety legislation, regulations and other legal requirements.
- To provide and maintain a safe environment
- To provide adequate welfare facilities
- Consult with our employees on all matters affecting their health and safety
- Ensure safe arrangements for the use, handling, storage and transport of substances and materials.
- Provide sufficient information, instruction, training and supervision to enable employees to avoid hazards and to contribute positively to the health and safety of themselves and others whilst at work
- To provide adequate control of the health and safety risks arising from our work activities.
- The Company's health and safety performance is continually assessed through communication and measuring, so continual improvements and setting of relevant objectives and targets can be implemented
- To prevent accidents and causes of work related ill health.
- To review and revise this policy as necessary at regular intervals

The Company sees this as a partnership with all employees to co-operate with management in carrying out their statutory duties with the object of raising and maintaining a high standard of health and safety, for ensuring so far as it is reasonably practicable, the health, safety and welfare of its employees and visitors. It is the responsibility of the Managing Director for the overall responsibility of the system detailed above.

Signed .....  
Mr R Gilbert, Managing Director
